

CODAN

Quality IV Systems for the
OEM/Private Label Markets

CODAN OEM/Private Label

Committed to Excellence

There are many expectations and a lot of sensitivity involved in OEM/Private Label business. There is a special trust placed with a manufacturer who delivers a product with another company's name on it. This is a partnership of trust.

CODAN takes this trust and our responsibility very seriously and we are proud of our record of long-term partnerships with numerous satisfied customers.

Our strong contract manufacturing background includes sterile and non-sterile sets, private labeling, non-sterile sub-assemblies and *Multivac* packaging - all produced with full qualifications and validations.

Quality, Reliability and Precision

A Competitive Edge

At CODAN we maintain our leadership position with a high level of excellence in our raw material selection, manufacturing practices, inspection, packaging and sterilization processes.

By choosing CODAN as your contract manufacturer, you are making a choice for quality, reliability and precision. Dedicated professionals in management, engineering, operations, sales and customer service are committed to meeting every special customer requirement.

CODAN product manufacturing standards are based on a singular dedication to quality patient care. You will find that our OEM/Private Label IV therapy products are of the highest quality in the industry and are delivered on time, every time.

"CODAN will be an environmentally conscious manufacturer of clean, safe and simple specialty products for the Infusion Therapy Market to the benefit and satisfaction of both patient and caregiver"

CODAN in the United States is a part of the European-based CODAN Group of Companies, which for more than 50 years has been a market leader in the area of IV drug delivery systems to healthcare institutions around the world.

In the North American marketplace we are known specifically for the high quality of our products and our excellent record of on-time delivery.

CODAN's core business is the manufacturing and sales of IV sets and accessories for both infusion and transfusion therapy. CODAN products are sold through a select network of distributors in the United States and Canada.
